EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with A. Lenkin (40063) on 9 November 2004.

The application has been amended as follows:

Cancels claim 1.

2. Examiner indicated to Counsel that above claim was claiming non-statutory subject matter in that a program per se is non-statutory and cited claim is deemed to be functional descriptive material. Examiner suggested amending above cited claim to be encoded (i.e. recorded) on a computer readable medium in order to impart functionality of program. The functional descriptive material recorded on a computer readable medium is structurally and functionally interrelated and is deemed statutory in most cases. Applicant opted to cancel claim.
